

INFOLICEANUL 2006 – a chance for IT passionate pupils from Sibiu

The 13th edition of the IT contest **INFOLICEANUL** will take place from April 28 to 29 at **Grupul Scolar Avram Iancu in Sibiu**.

Young IT passionate pupils will have a chance to compete in four sections of the contest:

1. Projects handed in three days before the date of the contest, with the themes: “**Creativity – educational software**” and “**Creating web pages**”.

These sections are dedicated to high school pupils from ninth to twelfth grade.

2. Projects created on the spot by teams of two pupils, with the themes “**Powerpoint presentations**” and “**Web pages**” on a subject announced at the start of the contest.

These sections are dedicated to industrial high school students and eighth grade pupils are welcomed for the PowerPoint presentation section.

Wittmann&Partner Computer Systems Sibiu is financing top prizes for each section, under the motto “**Keep IT simple. Keep IT young!**”

Ciprian Candea, General Manager of Wittmann&Partner, says: “At the first edition of INFOLICEANUL, in 1994, I was an organizer. Now, we have among our employees former participants in the contest, who help us provide competitive software solutions to our partners from the business, public administration or academic environment. We wish to all the participants Good Luck in this year’s contest!”
