Wittmann & Partner Computer Systems will participate at BINARY 2003, the Romanian National Exhibition for Software and Electronic Production Evaluation

Between 24 and 26 September there will take place the National Exhibition for Software and Electronic Production Evaluation at Romexpo Bucharest. The event is organized by the Informatics and Research Institute (ICI) and the Romanian Association for Software and Electronic Industry (Aries) and it will gather about 100 software companies. The principal product Wittmann & Partner promoted will be ConnAct, a knowledge management solution, along with other software products and services.

About ConnAct – the Knowledge Management Solution
ConnAct is a solution for document, projects and knowledge management, facilitating direct access (on access levels) to all the important information inside an organization, archived and updated. It is available on Domino/Lotus platform or Microsoft Exchange.

About Wittmann & Partner
 Our company was set up from a joint venture between AIRG Sibiu and Wittmann EDV-Systeme GmbH on 1st September 2000 and the name changed in "Wittmann & Partner Computer Systems" (WPCS). With this alliance Wittmann & Partner gained two major advantages. First is the new know-how that we received from German side and second is that we are able to increase the quality of services to the western standards.

Wittmann & Partner is a provider of global software development, implementation and maintenance, outsourcing for clients all over the world. Our focus is on developing and implementing Internet, Intranets and client-server applications for Windows and Linux/Unix platforms. The actual staff is able to provide expertise in a large range of technologies and programming languages. Companies from Germany, UK, Italy, France and Romania have chosen us as their trusted partner for software development.

The headquarter is located in Sibiu, Transylvania, in the center of Romania.
