**February 2<sup>nd</sup>, 2015**

## **ROPARDO SIBIU: RESOURCEFUL PARTNER TO GO MOBILE**

ROPARDO S.R.L. announces its presence at the world's greatest mobile event Mobile World Congress in Barcelona, Spain (March 2<sup>nd</sup>-5<sup>th</sup>) with new mobile apps resulted from the extraordinary work and effort of a committed team, innovative ideas and better shaped processes of the company.

In an ever expanding and fast-paced world, enterprises need Mobile Applications to keep up to evolution and competitive markets. Concentrating with full strengths on innovative solutions to meet the most complex business requirements, ROPARDO is a resourceful partner for businesses to go social and open, to be on the market, to go mobile.

On the occasion of the MWC event, ROPARDO introduces successful mobile apps for businesses operating in a range of areas including logistic industry, distribution, medical applications, information services, community portals, mobile web, social network integration. Our solutions with applicability in Sales Force Automation, Tourism, Health&Fitness and Automotive are integrated with full-cycle services which offer high-level functionalities:

- Connected and Disconnected Mode Application
- Synchronization with your Enterprise Database SQL / Oracle
- SQL Mobile & Oracle Lite Support
- Integration with Enterprise Database using XML / Replication
- Windows Mobile Development
- Mobile enabled website development
- J2ME based Mobile Application Development
- Android – Google mobile hosted solution
- iPhone Mobile Website Development

The new end to end solutions cover all needs but can be easily tailored on the needs and specifications of customers.

*“As we speak, we are living the mobile revolution implemented by ROPARDO in our company and it surely optimized our internal processes “ says the CEO of a distribution company.*
